The Commission viewed samples of all materials and colors proposed by the applicant. Staff reported: property is zoned B-3, Central Business District; property is known as the Coleman-Allen-Saidleman Building (CAS); the building is on the National Register; Troy Community Works (TCW) purchased this property in 2015 and has been diligently working with various entities including Federal and State historic review bodies, in order to rehabilitate the building; preliminary approval has been given by those historic review bodies; the inspiration for the color choices in the rehabilitation comes from the use of the building around the 1861-1865 time period when the third floor of the building was used as an armory and recruiting center for the Civil War; a military group, The Lafayette Blues, also used space on the third floor; the paint color choices of the rehabilitation are those colors which were used for the uniform of The Lafayette Blues; the application includes painting, repair of wood cornice, reconstruction of chimneys, replacement of slate mansard roof with synthetic slate to match, removal of metal awning, removal of wrought-iron railings, and removal of vinyl shutters; paint colors to be used in the rehabilitation include SW9141-Waterloo, SW7605-Gale Force, SW0050-Classic Light Buff, and EE2038-Aged Brass; roof will be replaced with a vinyl slate, using the same colors and pattern as the existing slate roof; and staff recommends approval of the rehabilitation plan, based on the following:

- The plan presented today is the same plan that has received preliminary approval from the State Historic Preservation Office;
- The building is in need of exterior repairs which will be completed with this plan;
- The rehabilitation will bring the building back to its true Italianate architectural style.
