COMMENTS OF THE DIRECTOR OF PUBLIC SERVICE AND SAFETY:

Mr. Titterington commented:

-There have been questions regarding the Tavern Building (112-116 W. Main Street) and if the City should seek to have the chain link fence removed from around the property. He commented that at this time legal briefs can still be filed, and legal counsel has advised that the City should take no action as the Judge has not made a decision, and in the interim, the fencing secures the building.

-The Items of Interest included a report regarding the DORA, and there will be further reports and monitoring.

-Bids continue to be a challenge with rising costs, bidders having a lack of employees, and supply chain issues, to name some concerns. The West Main Street Reconstruction Project Phase I has an April 6 bid opening scheduled, and the City is seeking alternate bids for the Duct Bank Project as a part of that bid.

COMMENTS OF MEMBERS OF COUNCIL:

-Mr. Phillips offered congratulations to employees who have announced their retirement.

-Mr. Phillips asked when work on the West Main Street Reconstruction Project Phase I should commence, with Mr. Titterington advising that based on information from potential contractors, there are factors that could delay actual work until 2023, and more information in this regard will be known after bids are opened and reviewed.

COMMENTS OF AUDIENCE MEMBERS:

Anne McDonough, 700 Governors Road, commented that she recently bid on (and purchased) a portion of Archer Park adjacent to her property in that a shed on her property actually encroached into the park. She indicated she did not feel she was treated properly as a citizen, that she should have received more information and timelier and the charge was much higher than others paid to purchase adjacent property in prior years. Mr. Titterington explained that much of the cost was due to the State mandated legal advertising period and the purchaser paying for survey costs, which were spread out over several properties offered for sale, and which would have been much higher for a single property advertised for sale.

There being on further business, Council adjourned at 7:59 p.m.
