The Director informed the board that Float Troy reservations will be coming to an end in a couple of weeks. September 7th is the last date. Reservations are down slightly compared to last year. They have gone well overall. All Treasure Island concerts are over for the year. They all had decent attendance. The July 4th concert was impacted a little by weather. All summer recreation programs are finished at this point. Fall soccer started this past weekend. All summer programs went well and numbers were pretty good.

It is intended for vendors to provide information on services that are available to veterans. The Director met with Veteran Services to go through final details. There will be a non-ice event added to the schedule. It is the Irish Dance event that is held every year in October, which will be on the Saturday and Sunday following the Zach Williams concert on October 10th.

The Director informed the board the arena maintenance staff is continuing to do maintenance projects as they typically do in the month of August. The Dehumidifier project will be about 99% done by the end of the day tomorrow. The only thing they have to come back and do is some final connections to duct detectors that will tie into the fire alarm system. They are waiting on final permit approvals related to the paperwork. They should be done and out of the arena tomorrow. The equipment showed up on time and they got the project done according to their initial schedule.
