Private Owner
Rehabilitation
Program

Program

The City of Troy has received federal funding from the Ohio Development Services Agency to provide Private Owner Rehabilitation Loans to city residents. The purpose is to repair housing conditions that pose a threat to the health and safety of occupants.

Deferred loans will decline 20% a year for 5 years and after the 5th year then the remaining balance will be forgiven at 100%.

The mortgage instrument shall stay in place in the event that title is transferred to a spouse who is also an occupant.

Process

Troy staff will conduct an initial assessment of the home and determine financial eligibility of applicants seeking assistance under the Private Owner Rehabilitation Program. Eligible applicants will then be scored on a point system. Applicants with the highest point total will be offered assistance until funds are depleted. Troy Development Department will accept applications on a first-come-first-served basis.

Eligible Repairs

Improvements may include such items as: roofs, gutters and downspouts, windows and doors, electrical, plumbing, heating, insulation, foundations, handicapped accessibility bathroom upgrades, water heaters, handicap accessibility improvements, water and sewer tap-ins, lead-based paint hazard controls, etc.

Troy staff will conduct the home inspection, prepare bid specifications, and prepare a cost estimate. Troy will send out Bid Packets to approved CHIP contractors but if a homeowner wishes to obtain quotes from other contractors, the contractors will need to obtain an RRP Certificate from the EPA and provide the required CHIP Contractor documentation to be eligible.

Loan Amount

The maximum amount of assistance for rehabilitating a home is \$71,700. Applicants are not entitled to the maximum amount of money.

Value Limit

The value of your home cannot exceed \$146,000.
