INSTRUCTIONS FOR APPLICATION FOR EXTENSION OF TIME TO FILE

DUE DATE FOR FILING THE APPLICATION:

The application for extension of time to file must be POSTMARKED on or before the due date of the tax return for which the extension is requested. For calendar year filers, this request must be postmarked on or before April 15. For fiscal year filers, this request must be POSTMARKED on or before 3 1/2 months after the end of the fiscal period. If the due date falls on a weekend or holiday, the due date becomes the next business day.

PAYMENT:

This form does not extend the time to pay your taxes. It is only to request additional time to submit or file the tax return. Based on source(s) of income for the year in question, it is up to the taxpayer to determine if any tax will be due for that taxable period and to pay the amount by the original filing deadline. This extension request must be accompanied by the payment of the tax determined to be due that was not previously paid to the City of Troy through estimated tax payments or prior year credits. Even with an approved extension request, penalty may still be assessed if it is determined that, based on the history of past taxes due or based on source(s) of income, payment should have been made with this request. Interest accrues on the unpaid balance of tax from the regular filing deadline.

LENGTH OF EXTENSION:

An extension that is approved will extend the due date to the end of the month following the month the federal return is extended to. For example, if the federal extension is to Sept 15th, the Troy return will be due Oct 31st.

APPROVAL

An extension request will not be approved if the extension is filed beyond the original due date of the return; if you fail to include a copy of the federal extension request; if payment is not made with the extension request; or if there is any delinquency existing on the business account or employee withholding account. Approval is not automatic upon request. Your request (with accompanying paperwork and payment) will be reviewed along with your tax accounts. If it is determined upon receipt of the tax filing that payment should have been made with the extension request (or if it is discovered that delinquency exists on the account), the extension will be denied at that time.
